FORM CRS

Smith Bruer Advisors is registered with the Securities and Exchange Commission as an investment adviser and, as such, we provide advisory services rather than brokerage services. Brokerage and investment advisory services and fees differ and it is important for you, our client, to understand the differences. Additionally, free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing. This document is a summary of the services and fees we offer to "retail" investors, which are natural persons who seek or receive services primarily for personal, family, or household purposes.

What investment services and advice can you provide me?

We offer the following investment advisory services to retail investors: **Portfolio Management Services; Web-Based Portfolio Management Services; and Pension Consulting Services**; Detailed information regarding our services, fees and other disclosures can be found in our Form ADV Part 2A Items 4, 7, 13 and 16 by clicking this link <https://adviserinfo.sec.gov/firm/brochure/284508>.

Account Monitoring If you open an investment account with our firm, as part of our standard service we will monitor your investments at least on an annual basis.

Investment Authority We primarily manage investment accounts on a **discretionary** basis whereby **we will decide** which investments to buy or sell for your account. You may limit our discretionary authority (for example, limiting the types of securities that can be purchased or sold for your account; or if you own securities held previously to becoming a client) by providing our firm with your restrictions and guidelines in writing. In limited cases, if you own securities prior to becoming a client that would be unproductive or misguided to sell, we will manage those investments on a **non-discretionary** investment management basis whereby we will provide advice, but **you will ultimately decide** how those investments are managed. You have an unrestricted right to decline to implement any advice provided by our firm regarding previously owned securities on a non-discretionary basis.

Investment Offerings We primarily provide advice on Mutual Funds and ETFs. Our services are not limited to a specific type of investment or product.

Account Minimums and Requirements In general, we require a minimum account size of \$1,000,000 to open and maintain an advisory account, which may be waived at our discretion. We do not require a minimum account size for Web-Based Portfolio Management Services.

- **Asset Based Fees** - Payable quarterly in advance. Since the fees we receive are asset-based (i.e. based on the value of your account), we have an incentive to increase your account value which creates a conflict.

Examples of the most common fees and costs applicable to our clients are:

- Custodian fees;
- Fees related to mutual funds and exchange-traded funds; and
- Transaction charges when purchasing or selling securities;

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

- We do not make any money from our investment advisory services except as described above.
